## **SELLING YOUR VALUE 10-SECOND TEXT MESSAGE**

| My 10-second text message(s)                                                          |
|---------------------------------------------------------------------------------------|
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
| What reward do I expect to get for delivering upon the promises in this text message? |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
|                                                                                       |
